# Some Thoughts For The New Year

*GO PLACIDLY AMID THE NOISE  
AND HASTE, AND REMEMBER WHAT  
PEACE THERE MAY BE IN*

*silence. As far as possible without surrender  
be on good terms with all persons. Speak your  
truth quietly and clearly; and listen to others,  
even the dull and ignorant; they too have their  
story. — Avoid loud and aggressive persons,  
they are vexations to the spirit. If you compare  
yourself with others, you may become vain and  
bitter; for always there will be greater and lesser  
persons than yourself. Enjoy your achievements  
as well as your plans. — Keep interested in  
your own career, however humble; it is a real  
possession in the changing fortunes of time.  
Exercise caution in your business affairs; for  
the world is full of trickery. But let this not  
blind you to what virtue there is; many persons  
strive for high ideals; and everywhere life is  
full of heroism. — Be yourself. Especially,  
do not feign affection. Neither be cynical  
about love; for in the face of all aridity and  
disenchantment it is perennial as the grass. —  
Take kindly the counsel of the years, gracefully  
surrendering the things of youth. Nurture  
strength of spirit to shield you in sudden  
misfortune. But do not distress yourself with  
imaginings. Many fears are born of fatigue  
and loneliness. Beyond a wholesome discipline,  
be gentle with yourself. — You are a child of  
the universe, no less than the trees and the stars;  
you have a right to be here. And whether or  
not it is clear to you, no doubt the universe is  
unfoldings as it should. — Therefore be at  
peace with God, whatever you conceive Him  
to be, and whatever your labors and aspirations,  
in the noisy confusion of life, keep peace with  
your soul. — With all its sham, drudgery  
and broken dreams, it is still a beautiful world.  
Be careful. Strive to be happy.*
